SALONS & SPAS

SALON & SPA SOLUTIONS

DEXTER.COM

GIVE YOUR CUSTOMERS THE CLEAN, LUXURIOUS EXPERIENCE THEY DESERVE WITH DEXTER

Dexter on-premise laundry equipment is strong enough to handle your toughest laundry needs. Whether it is a spa, nail or hair salon, you can be confident that our equipment can keep up with your linens, towels and uniforms. Our simple controls and product configurations for tight spaces make it easy for your staff to process laundry and ensure that your linens are clean and free of oils, varnishes, dyes and bacteria.

For over 125 years, Dexter Laundry has been helping people and companies around the world process laundry faster and more efficiently. We stand behind every machine we build because we are passionate about creating the best laundry ownership experience we can. Every Dexter is backed by an industry-leading warranty and lifetime technical support.

FROM OUR CUSTOMERS

“The Dexter machines are made with superb quality in mind. The cost effectiveness has been outstanding.”

THE PRODUCTS YOU NEED

PRODUCTS TO FIT YOUR NEEDS

With two lines of products, which include reversing dryer options, we have the products you need. Choose between our state-of-the-art O-Series line for Total Control or our standard 6-cycle control with simple programming options.

MOISTURE DETECTION SYSTEM

Our patented Moisture Detection System with wireless sensing technology takes the guess-work out of drying. Each auto dry cycle automatically stops when the load is dry, increasing throughput and reducing linen wear.

STACK WASHER-DRYERS

MAXIMIZE SPACE

Dexter stack washer-dryers deliver the same commercial-grade performance customers expect from a Dexter standalone washer and dryer in half of the space.

LAUNDRY COMPLETE IN ONE HOUR

Dexter stack washer-dryers work fast and efficiently with the ability to complete a load in less than one hour. With a 30 minute dry cycle, the T-350 stack washer-dryer is the fastest, most powerful, dryer in its class.

PEACE OF MIND

FLEXIBLE SETTINGS

O-Series controls feature the ability to program 100 unique cycles, comprised of up to 20 distinct stages, all of which are easily programmable with DexterLive.com. Plus, with our 10-port chemical injection system you'll have the flexibility and precision you need to handle your laundry.

FIRE RESPONSE SYSTEM

O-Series dryers feature our Fire Response System which can sense when a load is unexpectedly increasing in temperature. Water equipped models are also available.

QUALITY YOU CAN TRUST

PROVEN RELIABILITY

Every washer model is designed to withstand our extreme 1,000 hour test, running at maximum extract with an extreme out-of-balance load.

INDUSTRY-LEADING WARRANTIES

Our industry-leading warranties cover the major components on our washers for 10 years and dryers for 5 years. A 3-year parts warranty covers the rest. Plus, all of our products are backed with lifetime technical support.

WHICH CONTROL IS RIGHT FOR YOU

WASHER CONTROL COMPARISON
